## NCRC announces support for Employee Free Choice Act

Washington, DC - The National Community Reinvestment Coalition, an association of over 600 community organizations dedicated to expanding access to capital and credit, today announced its support for Employee Free Choice Act. The Employee Free Choice Act would expand the right of working people to expand unions to bargain collectively in their work place. NCRC is endorsed EFCA out of a deep concern for the pervasive violation of the working people when they attempt to exercise their basic freedom to form unions.
