The National Community Reinvestment Coalition (NCRC) and its grassroots member organizations create opportunities for people to build wealth. We work with community leaders, policymakers and financial institutions to champion fairness in banking, housing and business.

NCRC was formed in 1990 by national, regional and local organizations to increase the flow of private capital into traditionally underserved communities. NCRC has grown into an association of more than 600 community-based organizations that promote access to basic banking services, affordable housing, entrepreneurship, job creation and vibrant communities for America’s working families.
